The Inspiration

These days the ceramic industry is constantly evolving due to the availability of finest of the resources and best in class technology. Besides, tiles are becoming increasingly popular as décor elements. Making the most of the opportunities, company is brought to life to address the ceramic growth in the most elegant, natural and handy manner.

Since company is a part of group, excelling in performance comes in the legacy. The very reason behind company's inception is serving beautiful tiles having a sound and solid foundation.

The Treasury of Royalty

ABOUT US

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC. Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum

9MM THICKNESS

Crafted for Perfection, Inspired by Nature...

A story that adds new chapters every time. Hidden away in the varied, multi-faceted appeal of marble are stories from the past and present, pulsating with life. A fine line separates the artificial from the natural, when light spreads through and leaves its mark on surfaces strongly bonded with the living styles of the future.
